MAJOR ANNOUNCEMENTS

CEO of Tesla Elon Musk said he has moved to Austin, taking aim at Silicon Valley and becoming one of the highest-profile executives yet to leave California during the coronavirus pandemic. He said relocating made sense with Tesla's new factory being built in Austin.

The report states Samsung is considering building a $10 billion chip-making plant in Austin, which would have the capability to produce chips as advanced as three nanometers.

Apple has broken ground on its new $1 billion, 3-million-square-foot campus. The campus will initially house 5,000 employees, with the capacity to grow to 15,000, and is expected to open in 2022.

Google just signed a lease to occupy a 35-story office building located in the downtown Austin area which will be starting construction very soon. Currently, Google has about 800 employees in the Austin Texas area. ... The building is scheduled for completion sometime in 2022.

Business software and services company Oracle is changing its corporate headquarters from the Silicon Valley area to Austin, Texas, to provide its workers "with more flexibility about where and how they work," the company said 12/11/2020.

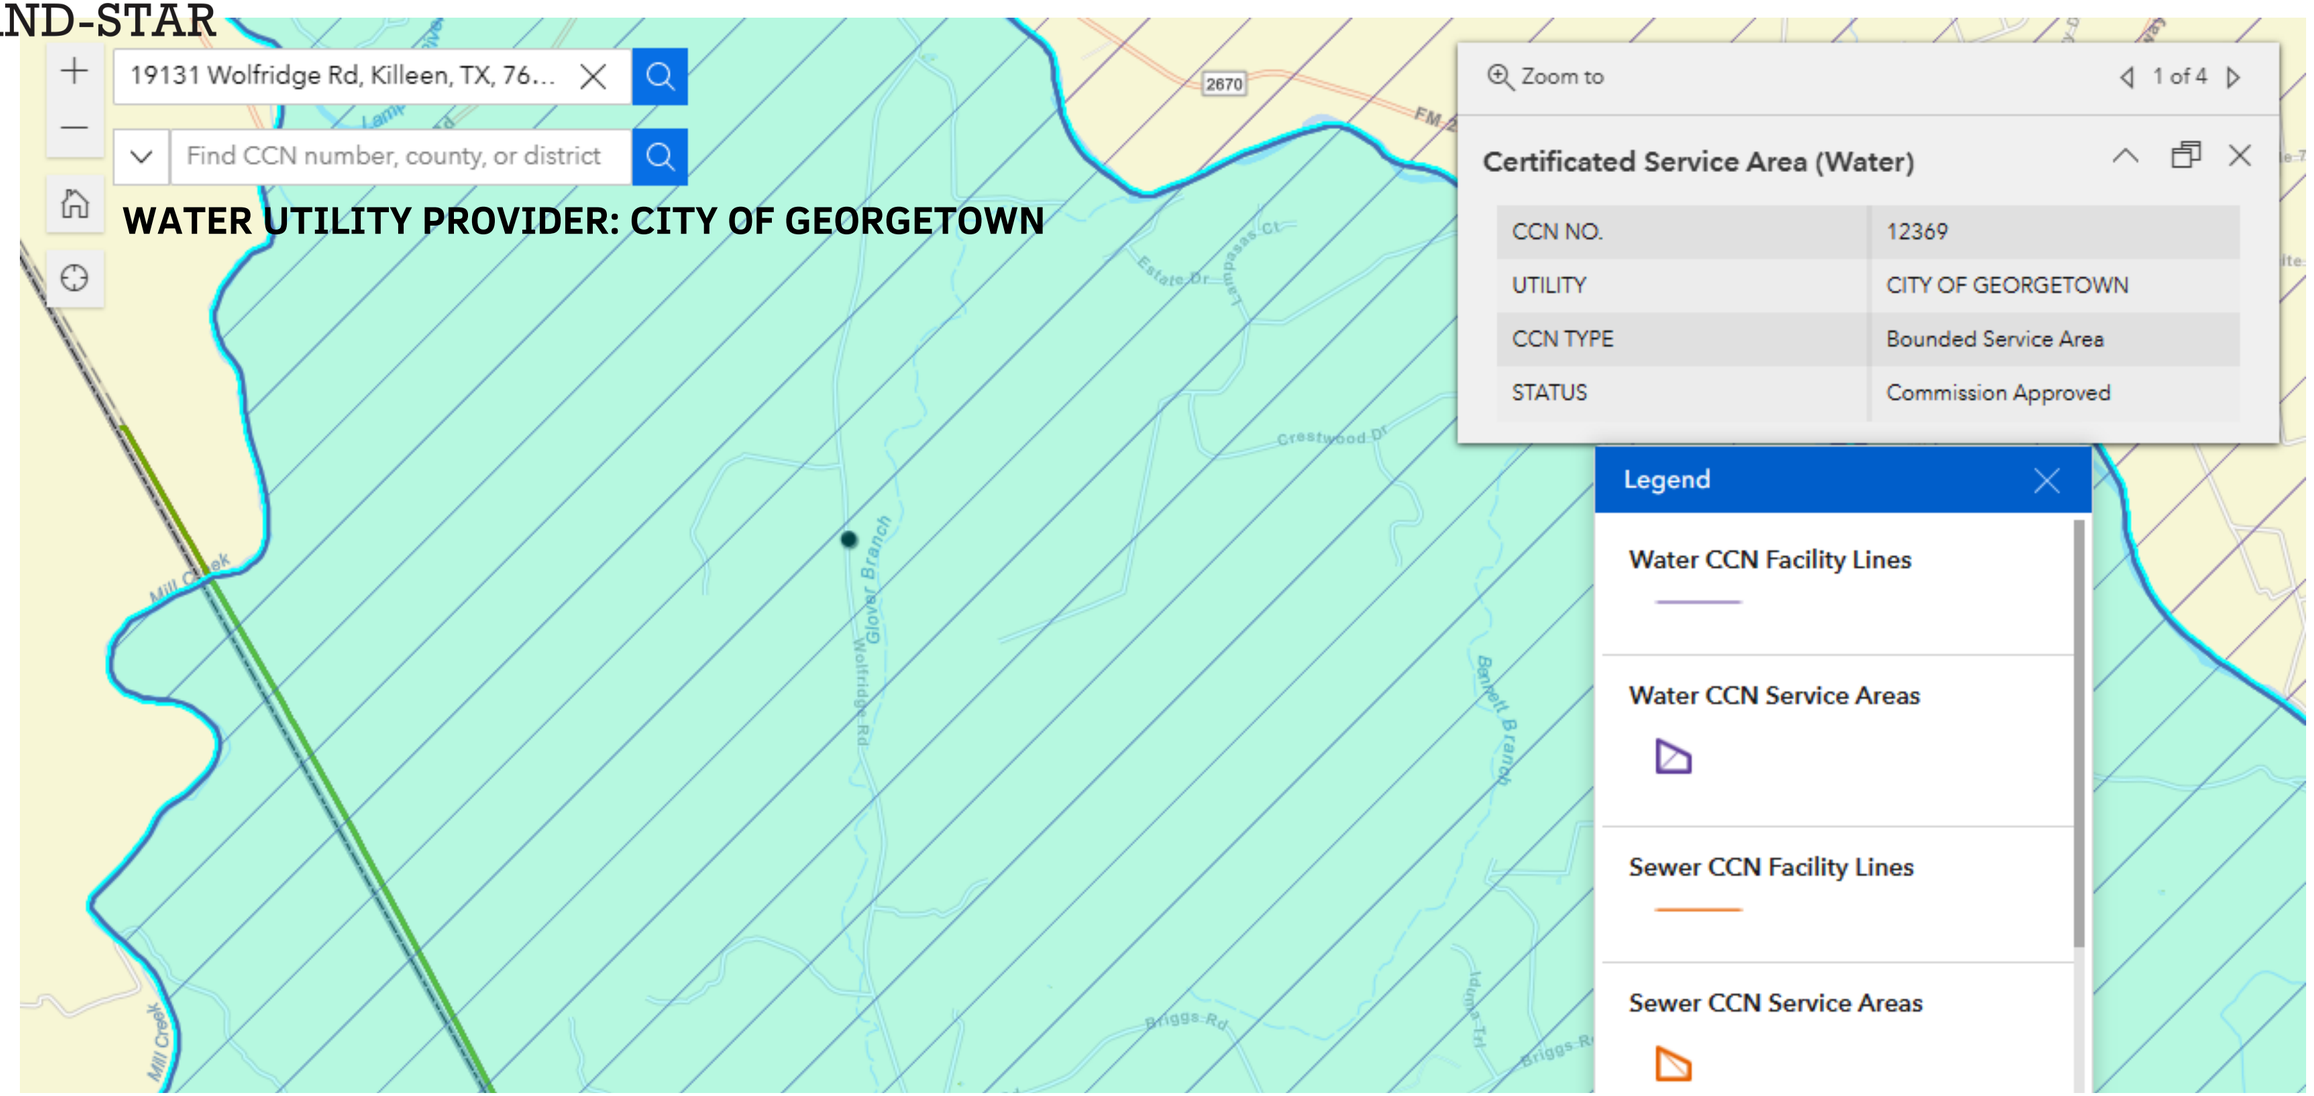

Dell is an American multinational computer technology company based in Round Rock, Austin, Texas, United States, that develops, and sells. repairs, and supports computers and related products and services. Dell Technologies has about 13.000 employees in Central Texas.

Microsoft Corp has its first permanent office facility in Austin, Texas. The office will provide customer service support to local customers of Microsoft as well as facilities for product demonstrations and training.
